

GOLDEN HILL B STREET TOWNHOMES

Description

The Golden Hill – B Street project in San Diego consists of 11 three-story townhomes on a nearly 26,000 SF lot. The townhomes totaled 17,701 SF of residential area and 4,430 SF of parking.

All units are spacious two-story units with very high-end finishes from custom walk in showers to full size soaking tubs. The bedrooms are very large along with spacious kitchen and living room areas. All units have two car garages.

We received the Golden Nugget Award of Merit for Best On-The-Boards Multifamily Community.
