

STONE BREWING CO.

Description

R&R has delivered multiple Stone Brewing Company destinations across California, transforming historic structures and urban sites into distinctive craft-beer experiences. Projects include the San Diego Company Store, featuring a tasting room with granite and raw steel accents and a 2,800-square-foot garden patio; the Pasadena location, completed on a fast-track schedule with signature Stone finishes and both indoor and outdoor tasting areas; the Oceanside store, designed and built with a 952-square-foot tasting room and expansive 4,000-square-foot landscaped patio; and the Napa project, a major renovation of a 150-year-old stone building into a two-story, 9,882-square-foot brewery, restaurant, lounge, and riverfront patio.
